### Elena Svintsiskaya

Russia

I would recommend Magister Academy because the school is not very big, for me personally, this is more suitable than large schools with a large flow of students. As the accommodation is in the same building as the school, it's very convenient.

### Massimo Nencini

Italy

The residence is situated in a new building, the rooms are comfortable and spotless; in addition, it is equipped with a kitchen and a nice terrace. The course is very educational and the teachers are professional and nice. I'm glad to have been to M.A., where I found friendly and very helpful staff and made many new friends with whom I spent my free time. I would recommend M.A. even for the area in which it is located: close to the sea and the places of entertainment, but at the same time in a quiet and relaxing area.

### Martin Pedano

Argentina

My arrival in Malta was very quiet on the first day and I met a Russian girl with whom I spent the afternoon at the beach. The next day I knew more than 10 people, and together we experienced this new place. So, I can say that the fear of being alone disappears quickly, even when staying in the same residence.
